Why you need the "VITAMEN D" content in Wampole's Extract of COD LIVER OIL

During the Spring, Fall and Winter the amount of Ultra-Violet Light absorbed from the Sun's Rays by the body is much less than half what it is in the Summer. This Ultra-Violet Light creates the bone and tooth-forming "Vitamin D" in the human body. Wampole's Extract of Cod Liver Oil is scientifically prepared from fresh Cod Livers and has all the "Vitamin D" potency of Steenbock standard Cod Liver Oil without taste of oil, plus the extra value of added tonic ingredients.

It is safe and pleasant for babies and young children, and is priced at \$1.00 a bottle.

caucus of the Social Credit members of the legislature since the Aberhart government took office in Edmonton. Almost every Social Credit member was present and some of the newly elected federal members. Matters connected with the plans for the introduction of Social Credit in Alberta were considered and the government's proposed scheme of re-funding and reconstruction efforts reviewed.

Minor matters discussed included the selection of a speaker for the legislature when it opens on February 6th next, and arrangements for carrying on the work of the Social Credit League in the constituencies.

The government made application to the federal government for a \$20,000,000 loan to carry on the administration of the province until the end of November. If Alberta's general application for financial assistance cannot be submitted to Ottawa before the dominion-provincial conference assembled on December 9, the date for that gathering having been delayed to then.

In the absence of Prime Minister Mackenzie King, the application was made to Hon. C. A. Dunning, federal finance minister. Mr. Dunning later sent word back asking for further details of the province's requirements and the information asked was immediately forwarded to Ottawa. Word from Ottawa sent by unofficial sources indicated the needed assistance would not be denied.

Premier Aberhart during the week received his first threat from a letter writer who threatened that unless he was elected in the next election, he would be a member of the legislature.

DECEMBER 2ND

less the government paid its first basic dividend before Christmas. Mr. Aberhart would "suffer the consequences." The premier smilingly said "We'll have to take the consequences for we won't be able to pay the dividends by Christmas."

"We cannot introduce Social Credit on rotten foundations," the premier said. "It will be impossible to pay dividends before 18 months from the time we took office. It is the government's intention to first of all balance the budget and stop the orgy of spending. We do not desire to repudiate our debts, but if we strengthen the security of mortgages we should have fair treatment in regard to interest rates. Please let me insist we cannot begin Social Credit for a while yet."

Gossip around Parliament buildings centered during the week on the latest regulations for government employees to be put into force. A notice was sent to all deputy ministers and heads of departments banning smoking by employees during office hours and forbidding loitering in the corridors of the government buildings.

The ban also extended to the habit many employees had contracted of waiting to leave their desks before the bells rang for quitting time and being later than the hour for starting. Some criticism of the order was heard in various offices, but it was generally recognized by the more thoughtful of the civil servants that no private concern would put up with some of the irregularities practiced by some, not all, government employees.

A note of comedy was infused into the matter, however, when the next day an outsider visiting the office of one of the members of the cabinet found him comfortably seated in his luxurious room and calmly smoking a rebellious cigarette and enjoying it. He appeared to be oblivious of the old adage about example being better than precept.

Merging of the bureau of labor with that of the department of trade and industry is to be considered by the government. It was learned during the week. The government is reported to feel that such a merger would be for the benefit of the service as a part of the consolidation plans being carried out. If such a move is made it may mean the retirement of Walter Smith, who has been head of the labor bureau for many years with a salary of \$3,215 net, but no official word is forthcoming as to that.

Premier Aberhart has stated again that the government is still in negotiation with Major C. H. Douglas, father of Social Credit, regarding his visit in the New Year. This was discussed at the caucus early this week and it is possible a definite announcement will be made by the premier before long.

During the week Fred M. Graham, of the small debts court at Calgary, was notified that his retirement is to take place at the end of the month. He has been with the government service since 1905 and is therefore due for retirement on a pension.

WHOLESALE AND RETAIL MERCHANDISING

MR. RETAILER: "You have consistently accommodated me on purchases, Mr. Manufacturer, enabling me to supply my customers with the best and latest merchandise, and I have met your terms of payment pretty consistently, too—haven't I?"

MR. MANUFACTURER: "Yes. The relationship has been clean-cut and mutually satisfactory for years. We appreciate your business and you seem to like our way of dealing. Of course, you know we never could have been as lenient on credits if our own credit were not so good at the Bank of Montreal. The Bank permits us to borrow in substantial amounts during our busy seasons, because we are in good financial shape—have an excellent cash position and a reputation for paying bills and loans promptly."

MR. RETAILER: "That good credit idea is at the very foundation of successful merchandising and goes all the way through the business. Our customers are either cash buyers or have good credit. Most of them have cheques or savings accounts at the Bank and are sure of their ability to pay on our terms before they make purchases on their charge accounts."

Some of the Bank's facilities for the mercantile trade: Commercial deposits; savings accounts for customers and employees; safekeeping of securities and documents; discounting prime commercial paper; loans on notes and warehouse receipts; letters of credit; telegraphic transfers of funds; financing exports and imports and domestic shipments; foreign and domestic credits and trade information; purchase and sale of exchange "future" special wire facilities reaching the important exchange markets; affording prompt action; nationwide service through more than 300 branches.

TO CHALLENGE VALIDITY OF ALBERTA'S GASOLINE TAX

Motorists in all parts of Alberta will watch with special interest the results of the legal action initiated at Edmonton by C. H. Grant, K.C., to challenge the validity of the gasoline tax in this province.

Definite notice of intention to test the act has been given and it is expected that the proceedings will commence soon. Mr. Grant is acting on behalf of a private client.

When the provincial government raised the tax from six to seven cents per gallon last April, there were threats that validity of the legislation might be challenged but no definite action was taken. Nevertheless, there was a feeling that within the year the government's right to impose the levy might reach the courts, and this has proved to be the case.

A vigorous fight against the government's practice of raising this tax without specifically " earmarking" the revenue for road construction and maintenance purposes has been waged for years by the Alberta Motor Association. That body has urged the government that there comes a time when such levies only result in less returns than would be the case under a lower tax, while the revenue for road construction and maintenance purposes is reduced.

Alberta, with its seven cent tax, ranks with the provinces which make the heaviest gasoline tax levies on motorists.

World's Poultry Congress To Be Held in Leipzig

Owing to a serious conflagration in the city of Berlin, Germany, the large building in which the live bird exhibit of the Sixth World's Poultry Congress was to have been held in 1936 was destroyed by fire. As there was no other hall in Berlin large enough for the purpose, the Congress authorities decided to hold the Congress in Leipzig. According to official information, this arrangement will give better accommodation than was possible in Berlin, while at the same time the delegates will have every opportunity of seeing the sights in and around Berlin itself on the occasion of a prearranged visit. Provision is also being made for the delegates to visit the outskirts of Berlin. A Canadian tour is being arranged, and already there have been some definite bookings and a large number of applications for information.

Expecting to take around \$3,000, 000 a year out of the motor driving public in this way, the government naturally would be in a serious predicament if it were proved that the gasoline tax was illegal.

Will Delay Test
EDMONTON—Validity of the provincial legislation providing for a Gasoline Tax Act, will not be tested at present, a request being made by the attorney-general that the government's petition against the Beaver Oil Company be withdrawn. Mr. Justice Tweedie in bankruptcy court, declined to grant the withdrawal at the time but reserved it.

Mother and Daughter Make 1200 Mile Trek Through Northern B. C.

VANCOUVER, B. C.—Mrs. J. Norman-Henry and her 20-year-old daughter, Josephine, arrived here from Prince Rupert, B. C., recently, enroute home to Philadelphia after completing a 1200-mile trek through Northern British Columbia wilds. Mrs. Henry, her daughter, and six men made the hazardous journey from Fort St. John through the Peace and Liard rivers to the coast which Charles Beaudouin and his party of 140 horses and five tractors attempted last summer only to be turned back by unfavorable weather conditions.

The party left Fort St. John, July 10 with 29 horses and struck out along the Peace and Liard rivers. They forded a number of smaller streams and rafted the larger ones, reaching McDan Creek on September 22. Of the total distance travelled, 200 miles were on foot, Mrs. Henry said.

Will Rogers at The Avalon This Week

While the tragic death of Will Rogers removed from filmdom one of its outstanding natural actors, he has left behind him many of his outstanding pictures to immortalize his memory.

"Life Begins at 40" is one of his best pictures, and will be shown at the Avalon Theatre this week. It gives this popular actor full scope for his famous philosophy and wit, which, together with the romance winding through it, will be pleasing to both young and old. In addition, there is a special appeal to women, showing as it does, how this modern age has given them leisure and lightened household burdens. There is a strong supporting cast of six well known players, who do much to make this picture an outstanding entertainment. It shows at the Avalon the last three days of this week.

Knee Action Is Here To Stay, Says Sales Manager, Gen. Motors

"Knee-action is here to stay. We haven't considered for a moment omitting it from Chevrolet Master models for 1936."

That Gen. C. E. McFavish, general sales manager of General Motors Products of Canada, Limited, emphatically states that the new Chevrolet passenger cars, to be introduced soon, would offer individual front wheel suspension in the line.

"Our 1936 models will offer the same option in springing as the 1935 models; that is the Master cars will be available with the knee-action front wheels, and the Standard models with conventional springs only," Mr. McFavish declared.

"Great changes have been made in the manufacturing of Chevrolet leaf springs. This reason is that we will introduce a greatly improved design of leaf-spring suspension in the 1936 Standard models. The effect is to improve the ride, by changing the layout and the design of the leaf springs so that they give more nearly equal front and rear action."

"On the 1936 Master, the Chevrolet type of all-enclosed knee-action units will be retained unaltered, except for minor changes in assembly methods. Even if we could obtain, with conventional leaf-spring suspension, a ride as soft and as smooth as knee-action provides, we would not drop knee-action because of its many other advantages—especially shockless steering, which contributes so greatly to safety and to driving ease."

"The Chevrolet type of knee-action has been a success from the start as evidenced by the fact that today

Spruceville

Although the weather was unfortunate the Spruceville Annual Chicken Supper held last Friday night was very successful. The tables were decorated with small spruce boughs and flags and looked very effective, and the supper was, as usual, excellent.

The dance was very crowded, and everyone seemed to enjoy themselves thoroughly. The big three-tiered cake that was raffled was won by Mr. Bert Saunders. The evening was somewhat marred for some by two accidents; Laella and Billy Marshall falling badly from a height. Both are reported to be alright now.

The Spruceville Community Board will meet at the home of Mr. and Mrs. W. J. Barnes this week.

Mr. Heath brought the threshing rig home from Blackfalds to do his own threshing. Unfortunately, the first night, while shutting down, he was injured and will have to remain in bed for some time. Mr. Hank McLennan has finished threshing for him.

The Woody Nook School Board are holding their regular meeting this week at the home of Mr. and Mrs. Heath.

Mr. Gus MacDonald has been threshing again this week.

Miss Margaret McGeechey of Lincoln has been visiting with her sister, Mrs. Harry Proudfoot.

The friends of Mrs. Ed. Stout will regret to learn that her mother died from her recent illness.

All members of the Spruceville South Mutual Telephone Co. are asked to call on the secretary as soon as possible owing to his incapacity to visit them.

The community social which was to be held Friday evening, Nov. 29, at the home of Mr. and Mrs. Proudfoot has been postponed to Dec. 6. Plans to entertain our winter evenings are to be made. There will be a short program. Everyone welcome.

Chigwell

Miss Margaret Olson left on Thursday for Camrose, to be the guest of Miss Edna Norris, who is attending Normal School there.

Mr. and Mrs. Chas. Short attended the masquerade dance at Clive. Miss Ruby Miller is spending the week with Miss Agnes Forrest.

Miss M. Tait from College Heights is working at the home of W. Hudd. Mr. and Mrs. Don Waldron moved into the house vacated by Mr. Morton Hudkins.

Mr. and Mrs. Omar Norris and family spent Sunday with Mr. and Mrs. Len Seaville.

Mrs. Chas. Short visited with Mrs. Victor Lockyer Wednesday.

Glegg Burnett is building a new modern bungalow.

A shower was given at the home of H. Reiter on Wednesday evening for Mr. and Mrs. Jack Watt. Alice Norris and Walter Draper presented the many useful gifts in a prettily decorated basket, after which refreshments were served by the hostess. Dancing and cards were then enjoyed by all till the "wee man" hours.

Mr. and Mrs. M. Kish and Jerry left for their new home near Ponoka on Saturday.

Miss Agnes Forrest, Miss Ruby Miller and Mrs. B.H. Scott spent Sunday at the Reiter home.

soon as possible owing to his incapacity to visit them.

The community social which was to be held Friday evening, Nov. 29, at the home of Mr. and Mrs. Proudfoot has been postponed to Dec. 6. Plans to entertain our winter evenings are to be made. There will be a short program. Everyone welcome.
